

Sunset Dinners on Mount Buffalo

A Night to Remember

New for 2020 we are introducing a series of Saturday night **Sunset Dinners on Mount Buffalo**.

Close to Bright in north east Victoria, this granite mountain was one of the first National Parks in the region. It was established in 1898, and today covers over 30,000 hectares, encompassing the entire granite plateau and the majority of the forested foothills below. This extraordinary mountain is home to a number of unique plants found in no other part of Australia or the rest of the world and gives shelter to lyrebirds, wombats and possums amongst many other species.

The highest point on Mount Buffalo is known as **The Horn** which sits at 1,723 metres above sea level. It offers a cool haven in summer with phenomenal views over the surrounding landscape. Our Sunset Dinners on The Horn are unforgettable experiences, bringing together the unique beauty, environment and history of this magical mountain.

The event starts with an afternoon transfer from the centre of Bright up to the mountain. We will walk on well-maintained mountain trails (approx. 9 km) before arriving at The Horn as the sun is setting. Dinner will include canapés, three courses prepared by us using the best locally-sourced fresh produce and a selection of fabulous wines from the area. At the end of the evening you will be transferred back to Bright.

This unique event could be booked by private groups and a minimum of four people would be required. If you'll be in the area of Bright in the early part of 2020, don't book a restaurant in town but escape to the cool climes of the mountain and enjoy an experience to remember forever.

Cost: AUD\$195 per person inclusive of GST

Single Supplement: n/a

What's Included?

Two professional guides to look after your every need
Fully guided hike
